2024-May-25 News Letter Rotary-Helps-Ukraine

Dear friends! I have some news for you! 😊

First, we'd like to THANK RC Lomma-Bjarred (Gunnar Larsson), Rotary's U-Fond, and Hammenhog RC (Lars Andersson) – they quickly covered the needed final amount, and now we can see the finish of The Dzvinochok Kindergarten Repair project!

Repair works of the "Dzvinochok" kindergarten were divided into 3 stages due to the rules of city tender procedures – they finance all works. We provide the construction materials - thanks for your help!

1st Stage:

- windows and doors – are installed
- bedroom renovation – is ready
- The playroom - is ready, and we are waiting for the furniture, which was already paid
- The kitchen renovation - is ready, and we are waiting for the drainage system to be finished to turn on the water
- toilet room - ready, it remains to turn on the water after drainage system repair
- installation of 3 new playgrounds in the yard - ready
- installation of a drainage system - at the final stage.

2nd Stage (all building materials are already purchased):

- renovation of the psychologist's office
- repair of the nurse's office
- dressing room repair
- water supply to the kitchen and bathroom
- repair of the hall

3rd stage: the repair of the roof of the food block and the installation of new furniture:

- all materials and furniture are already paid for, and we just waiting for their delivery.

The Ichnya Mayor's Office PR team provided us with some nice photo-arts of Rotary Magic – How it was/How it Is – hope, you'd like it :)

During the repair work, they faced some issues, which will be solved in the 3rd stage. All needed materials are already paid for from the last donations, which came from **Lomma-Bjarred and Rotary's U-Fond (€4588)**, and maybe partly **Hammenhog RC (€2988)**. Thanks again!

2) **3 new Playgrounds** are settled in the territory of the Dzvinochok - **THANKS** to American **ORBIT Center (Mr. Alex Kopaigora)** acting in memory of the donor **Mr. Larry Frank Campion**, who mentioned in his last Will "the people of Ukraine with the ongoing conflict with Russia".

My friends, The Kindergarten plans to provide special **THANKS tables** on their building after the repair is finished. Sometimes, your donations come from the bank account of one club in the name of another club or group of people, etc. Please, in direct mail provide me the correct names of your Clubs and maybe other donors you'd like to mention on the memory plates on the Dzvinochok building.

3) **“Sokoliatkos” (Little Falcons)** Rehabilitation center/Kindergarten youths are actively preparing their premises for the Summer Camp.

We are very **GRATEFUL** to the **ROTARY SWEDEN HELPS UKRAINE Group (coordinator - Erik Lundquist), who informed us that they will fund the 20 kids’ rehabilitation!**

The need in the area is huge. Sokoliatko can invite up to 130 children to the Camp, so there is a good space for everybody to help us refresh kids affected by the war in the Chernihiv region. One kid 2 weeks camp cost is 250EURO. You can easily help in different ways as you wish.

4) One more. Two months ago, we received a special donation **\$500** from the **RI District 2340 (Sweden)**. It was targeted on **jalousies** for the Sokoliatko new windows. We paid the Invoice, and... here you see! **THANKS!!!**

5) On the Kyiv-South direction there is Chabany Village, where more than a thousand IDPs (local refugees) settled from the first days of full-scale aggression. Mostly – women and kids, grandparents from the East and South villages and cities. They lost their homes, jobs, and dreams. And must start a new life here.

Locals with our Rotary club help arranged humanitarian aid support and then – the netting volunteer group, where women gather to make masking nets for defenders – their husbands and fathers, brothers and friends...

Thanks to strong continuous support from Uddevalla, Varberg, Amal, and other Swedish cities, they just received a fresh pallet of boxes with seasonal clothes and shoes.

THANK you, dear Anneli Lillmaa and friends!

This is all right now. As usual, you are free to use any of these photos for your media, etc.

For more news, please, see our Facebook page <https://www.facebook.com/Rotary.Kyiv.Capital>, and contact me directly, we are happy to communicate with friends - Rotarians!

Yours,

Rost Lukach,

Rotary D2232 Learning Facilitator,
RC Kyiv Capital PP, Executive Director,
Peacebuilding Committee Chair
